by PROF. DR. ALBERT A. STAHEL 8. Januar 2018

### US – goals:

1. First, our fundamental responsibility is to **protect the American people, the homeland, and the American way of life**. We will strengthen control of our borders and reform our immigration system.
2. Second, we will **promote American prosperity**. We will rejuvenate the American economy for the benefit of American workers and companies.
3. Third, we will **preserve peace through strength** by rebuilding our military so that it remains preeminent, deters our adversaries, and if necessary, is able to fight and win.
4. Fourth, we will **advance American influence** because a world that supports American interests and reflects our values makes America more secure and prosperous.

Das vierte Ziel – **Advance American Influence** – stellt die Werte des *American Way of Life* über alle anderen in der Welt existierenden Wertesysteme:

- *Encourage Aspiring Partners* (Developing Countries, Fragile States).
  - *Achieve Better Outcomes in Multilateral Forums* (Reformen von WTO, IWF, Weltbank, Internet im Sinne der USA, Ensure Common Domains Remain Free).
  - *Champion American Values*.
5. **Preserve Peace Through Strength\*** :
    - *Renew America's Competitive Advantages*.
    - *Renew Capabilities* (Military, Defense Industrial Base, Nuclear Forces (Erneuerung der gesamten **TRIADE**), Space, Cyberspace, Intelligence).
    - *Diplomacy and Statecraft* (Competitive Diplomacy, Tools of Economic Diplomacy, Information Statecraft).
